Austin, Texas

## PROFESSIONAL SUMMARY

---

Dual MSc holder in Renewable Energy and Petroleum Engineering, currently pursuing a PhD degree in Petroleum Engineering at The University of Texas at Austin. Passionate about teaching and inspiring future engineers in both renewable energy and petroleum fields.

## SKILLS

---

- Problem-Solving
- Analytical Thinking
- Leadership Skills
- Teamwork
- Multitasking
- Organization

## EXPERIENCE

---

### **Graduate Research and Teaching Assistant, University of Texas at Austin, Jan 2025-Current**

### **Graduate Teaching Assistant, Kuwait University, Sep 2019 - Feb 2022**

- Worked with the lead instructors to effectively manage courses, help students and correct assignment errors.
- Evaluated and graded examinations, assignments and papers and recorded grades.
- Conducted in-class tutorial sessions for undergraduate and postgraduate students.

### **Petroleum Engineering Trainee, Kuwait Oil Company, Jan 2018 - May 2018**

- Supported engineering and production teams to help identify, trace and resolve various issues.
- Worked closely with qualified petroleum engineers to understand typical issues and build solid understanding of design development and optimization approaches.

## EDUCATION

---

Master of Science, Renewable Energy Engineering Aug 2024  
**Heriot-Watt University**

- Graduated with distinction.

Master of Science, Petroleum Engineering July 2023  
**Kuwait University**

- GPA 3.88/4.00.
- Awarded Excellence Scholarship.
- Graduated with distinction.

Bachelor of Science, Petroleum Engineering May 2018  
**Kuwait University**

- GPA 3.96/4.00.
- Dean's List Honoree, six semesters.
- Graduated with distinction.
- Member, Society of Petroleum Engineers (SPE).
- Awarded the Minister of Education Award for Excellence, twice.
